STAGING SYSTEMS, the table stage for multidirectional scaffolding
GAMMA stage and applications fields

EFESTO expand the family **Speedy Gamma** introducing the version with trap-door.

The stage deck **Speedy Gamma stage** with trap-door allows to put in communication different floors allowing the operator to operate at different levels.

Speedy Gamma stage is the stage deck ideal for applications such as podiums, stages, grandstands, towers director, flooring for theater performances, catwalks, outdoor or indoors events.

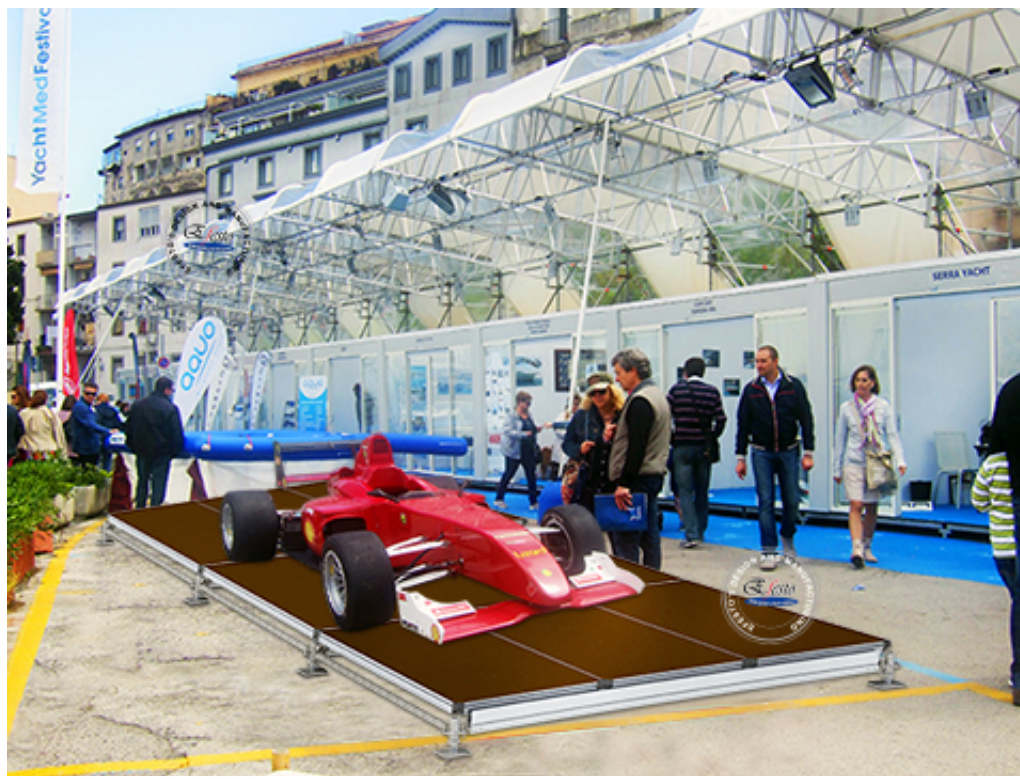

The modularity of **Speedy Gamma stage** makes it easy and fast assembly and the system **Gamma FastLock** that is attached, quick connection between panels, reliable positioning of stages, prevents accidental lifting of the deck.

For more informations on **Speedy Gamma stage** and on possible applications:
