## The Year that was, the year that will be : thank you so much!

### The year that was

*This year is ending ...*

*2016 was a year full of news and success, of challenges for Efesto ...*

*Efesto , with Italian style, responded to different needs: big and small event, TV studios, exhibition stands.*

*2016 saw the company as point of reference in all world.*

*"An authentic world of solutions" in constant evolution:*

- **Aluminium Crowd Barriers** with the exclusive *Fingers Save* system
- Large and new range of **aluminum clamps**
- **Beta Stage**, the linear and circular version: "the platform stage without play, because aluminum frame is welded!"

*A year full of new services:*

- **Milling , turning** with machine computer numerical control
- Creation of **revision department** and maintenance of electric hoists

**Prolight + Sound 2016** was for **EFESTO** an international event of great successful.

### The year that will be

*The international event **Prolight + Sound** will be renewed in 2017. Efesto give advance notice of new project **Ground Support** finally finished : **AstroRoof** is a modular spatial structure with high load -bearing capacity and compact dimension. Structure from size highly reduced thanks also to the towers completely decomposable.*

### Thank you so much!

*In your confirmations there is the strengths of our responsibility to improvement e to innovation.*

*In your confidence there is our must : " **build your job easy**".*

*"We wish a great year,*

*"We wish a magical adventure.*

*"We wish a year to build together."*

### Happy New Year

Team Efesto
