COME VISIT US!
Hall 3.0 - Stand A30

Efesto at Prolight + Sound 2018

Efesto invites you at **Prolight + Sound** in the days from **10 to 13 April**
Efesto will presents his products in **Hall 3.0 at the stand A30**

A preview of some products that will be protagonists of the event:

- **FreedomFast**: compact support for led screen with self and hanging supporting- applications
- **Aluminium Crowd Barriers** with exclusive **Fingers Save system**
- Wide range of different **aluminium clamps**
- **BETA** and **GAMMA Stages**: "The stages without play because is welded!"
- **ASTROtower**: the only demountable tower in the world. This has a quick installation and a volume of transport and **storage of -70%**.
Innovative tower for **ASTROtower**, the spatial modular structure with high performance and reduced volume for storage.

Our team will be on hand throughout the show to offer help and advice, as well as offering traditional Italian hospitality. [You can make an appointment.](#)
